Practice Prompt	<p>The administrators at your school are considering adding a new lunch line which will serve pizza from a local restaurant every day. Some teachers are concerned that a number of students will eat only from the pizza line and that this would not be a healthy choice for students. Write to the administrators of your school to convince them of whether you feel adding a “pizza only” line to your school cafeteria is a good idea or not. Be sure to include reasons and support for why you believe your opinion is correct.</p>			
Fill in SPAM details in order to break down what you need to do to address the writing prompt above...				

Now that you have taken the time to break down **WHAT** it is that you need to do, let's go ahead and do it! On the back of this paper, address the prompt in full! Remember, at the end of the day, this is still an **ARGUMENT** that you're making, which means you'll want to use the **CREECR** formula as you write!
